U.S. Appln. No.: Based on PCT/JP05/001970

Attorney Docket No.: Q95857

In compliance with the concise explanation requirement under 37 C.F.R. § 1.98(a)(3) for foreign language documents, Applicant advises that an English language abstract is provided for the listed '322 publication. The '827, '126, '842 (which corresponds to WO 099/26112), '999 and '303 publications are cited and discussed on pages 2-4 of the specification in the present application, and English abstracts (or counterpart in the case of '842) have been provided as listed on the accompanying form. The remaining two publications, plus the '303 publication, are cited in the enclosed International Search Report for PCT/JP05/001971 dated May 31, 2005, which indicates the degree of relevance found by the foreign patent office; English abstracts have been provided as well.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicant does not waive any right to take any action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.

Respectfully submitted,
